*WHAT IS BAG-IN-BAG SECURITY?*

According to a federal mandate, “all classified information physically transmitted outside facilities shall be enclosed in two layers, both of which provide reasonable evidence of tampering and which conceal their contents.”

For transport of these extra sensitive items that require dual lock protection, place a Rifkin Safety Sac® into a Briefcase-Style Courier (or larger Safety Sac®) to meet this federal requirement.

KEY POINTS:
- Inner and outer bags sold separately
- Outer bags must be at least 2” x 2” larger than inner bag in order to properly fit bag inside.

Most popular combinations:
- 16 x 20 outer bag (B02281-H10) with 14 x 18 inner bag (B01652-D10)
- 14 x 18 outer bag (B01653-H10) with 12 x 16 inner bag (B01200-D10)
## TERMS & POLICIES

### TERMS

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Net 30 Days</td>
<td>F.O.B. Shipping Point</td>
</tr>
</tbody>
</table>

### SHIPPING

Delivery time for all items depends on how customized your order is. If expedited shipping is needed, extra charges will apply.

---

### UNIFORMS

Custom uniforms may not be returned. If stock uniforms are returned, a re-stocking charge will apply.

### BAG PRODUCTS

All bags shown in this catalog are custom manufactured to order and may not be returned. All pricing is “each” unless otherwise specified. To qualify for quantity pricing, bags must be identical in material, color, and imprint or embroidery. Styles may not be combined for quantity pricing. For multiple colors, color assortment charges may apply. We maintain an inventory of stock bags for immediate needs only in certain styles, colors, and fabrics. Call our customer service team to find out if the bag you need is available in stock.

Every effort will be made to ship the exact quantity of a printed order. Standard industry practice for printed products, however, provides a manufacturing allowance of +/- 3% of the quantity ordered. It is our policy to ship and invoice all finished products to the customer.

### BAG REPAIR SERVICE

We offer a repair service for our security bags which contain an Arcolock-7® closure. Bags are evaluated when we receive them to determine the cost of repair. Please note that our minimum repair charge is $30 and if the cost exceeds half the price of a replacement bag, the bag does not qualify for repair service. In these cases, you will be notified by Customer Service regarding your options.
